JOHN TYLER WHEELWRIGHT

REPORT.

To the Class:

This condensed report is the sixth which has been presented to the Class, and it brings the record up to May, 1896. As this is the twentieth year after graduation, it seems to be advisable that hereafter the reports should be issued once every five years, upon the year after the publication of the Quinquennial Catalogue.

Future reports will be fuller than this, though made upon the same plan. The Secretary requests that members keep him informed of any changes of addresses, and of all other matters of interest concerning themselves.

The Secretary wishes to thank the members of the Class for their prompt responses to his circulars, and hopes that errors will be pointed out to him and that each member will from time to time send further information in the line of that given in this report. The Secretary desires information of the addresses of Boynton, McMartin, F. P. Ward, Porter, Welch, A. H. Wetherbee, and Wills.

The responses to the request for fresh funds contained in the last circulars have been sufficient to enable the repayment to the estate of the late Secretary for his advances. Five hundred dollars more, at least, should be subscribed to enable the Class properly to conduct its celebrations and affairs.

All who have not subscribed to this new fund, are asked to send what they can afford to the Secretary, and all in arrears upon original subscriptions to pay the balances due.

On next Commencement Day — June 24 — Hollis 19 has been engaged for the use of the Class, and the Twentieth Anniversary Dinner will be held at the Country Club, Brookline, at 7 o'clock, P.M., Commencement Day. It will be a very informal gathering, and members are requested not to dress. This will be convenient for those who have to take night trains from Boston. Transportation will be furnished from Cambridge to Brookline and after the dinner to Boston. All expenses of the dinner (including sherry, claret, and cigars) will be defrayed from the Class Fund. The Class Committee and the Secretary earnestly request all members to arrange their affairs so as to be present at this celebration. The Class as an organization, and its members as individuals, will gain strength, if there is a large representative gathering of 1876 at its Twentieth Anniversary.

The Secretary records the deaths of the following members of the Class: Our Secretary, William Leverett Chase, died after a long and painful

illness, at his residence, Chesham, Brookline, Mass., October 7, 1895, in his forty-second year. A reproduction of his last photograph accompanies this report. The "Harvard Graduates' Magazine" (December, 1895) contains a tribute to his memory by Stimson. The Class at a meeting passed appropriate resolutions.

Whatever Chase did he did well and successfully, and he was always willing to give himself and his resources to others. He was devoted to the interests of our Class, and he will be sadly missed at our gatherings.

Steven Henry Jecko died in Enid, Oklahoma Territory, on March 18, 1896, in his forty-fourth year, of inflammation of the stomach. An associate writes: "He was a man respected for his ability and integrity and good citizenship. A whole-souled, all round good fellow."

At the time of his death he was one of the best-known citizens of Oklahoma and was the attorney for a large railroad. For some years he lived in Washington, holding the position of clerk in the Law Department of the General Land Office. He possessed remarkable musical ability, as all of us remember, and was the composer of several well-known songs.

John Wiggins died in November, 1894, in his fortieth year. At the time of his death he had given up the practice of medicine, and was President of the Texan Land and Live Stock Company of Texas, and was living in Newport, Ky.

Very truly yours,

JOHN TYLER WHEELWRIGHT,
Secretary.

NOTE. — On April 7, 1894, a check for $3,750 was sent to the Faculty of the Harvard Medical School. This sum was made up of contributions by the friends and patients of Dr. Strong, and was intended to found the Charles Pratt Strong Scholarship, in memory of him. The fund was accepted by the Faculty and, later, by the Corporation, and the Scholarship has been established with an available income for the first year of $100. The balance of the income is to be added to the principal until the latter amounts to $5,000.
